Qwey tous le monde!

As we count down the days to sunny skies & warm breezes, I hope you have been able to escape the snow & stay warm while we wait!

The past month has been filled with lots of news & forward looking proposal announcements, and we have also been gearing up for our year end reporting for all of our programs & projects. I want to give you a quick run-down of some of the things I have done over the past month.

I was able to participate in the candidate selection and first round of interviews for the newly established Regional Indigenous Relations Coordinator position at Horizon Health. The second round is about to happen, so hopefully we will see that position filled soon to be able to influence policy within our healthcare system to better accommodate Indigenous people in NB.

I attended the first JEDI board meeting with the newly configured board of directors. We have seen a lot of focus on the trades and technology in recent years, but with a new vision, we will begin to see and expansion in supports for businesses and other economic
activities throughout NB. If you are a business owner, keep your eyes peeled for news coming from JEDI to help you grow your business, whether big or small, or in the middle.

I was invited to speak to the Mi’kmaq/Maliseet Bachelor of Social Work program at Saint Thomas University to discuss the history & work of the council. During this specific class, they were discussing the chapter, “The silence of urban Aboriginal policy in New Brunswick”, from the research paper, “Urban Aboriginal Policy-making in Canadian Municipalities.” I also used this opportunity to talk about the Indian Registration consultations that we had just begun, and that were also happening in other communities around the country. I spoke of the unique circumstances that our members face in terms of registration, and that if the process were handed to reserve communities, the impacts that would have on off-reserve people.

As a lot of you know, we conducted our consultations on the Indian Registration process and potential impacts of proposed changes were to happen and to provide our recommendations to the federal government. I would like to thank everyone who was able to participate in person, and if you were not able to come, I encourage you to submit your feedback via the link that we have been posting on Facebook, or give it to your Zone Director. As mentioned during those sessions, we are aiming to have the draft report ready for March 6 and sent out to everyone for your feedback, so please take a read through and give any comments to your Zone Director before March 9 when we meet.
As I write this message to you, I am attending the 5th Annual Creative Leaders Symposium hosted by CAP. I am excited to share with you any opportunities that will come from this and how to support our youth as leaders, starting now.

I will leave you with that and look forward to updating you next month!

Woliwon,

Amanda

You asked!
Membership Clerks have requested training on how to guide applicants on the membership application process.

We listened!
Some of the membership clerks have expressed their eagerness to learn how to properly assist new applicants with their application process.

We have great news, Lisa and Calvin have been working to produce an NBAPC Community Local Manual. This manual will be a guide that you can use at any time before during and after Local Elections. For those who are interested in a Local Executive position, you will have a chance to review each position and their duties. Each Local will have a Manual to be reviewed by each local during a meeting if your local so desires too.

This guide could be used to review each position before electing your Local Executives. Once they are elected each Local Executive will receive a copy of the NBAPC Community Local Manual to be used throughout the year. This will include a breakdown of each Position within the Local Executives and their roles. Included in the Local Manual will be a guide for membership clerks to follow when helping potential applicants.

Our goal is to make sure each position runs smoothly as possible for all Elected Local Executives and you have the tools and knowledge to perform your Local Executive Positions.

Please watch out for an email coming to you soon.

NBAPC’s Natural Resource Program is now accepting AFS Harvester applications for the 2019-2020 season. The application form may be found on our website.

We encourage everyone to fill out the form electronically (if possible) and send it to us via:

Email – naturalresources@nbapc.org

Mail/Personal Drop in - 320 St. Mary’s Street. Fredericton, NB, Canada E3A 2S4

Filling out the form and submitting it electronically helps ensure the applications will be processed in timely manner.

Please be advised that the AFS Harvesting Committee is currently in negotiations with Fisheries and Oceans Canada to establish a new arrangement for the 2019-2020 harvesting season. No AFS Harvester Licenses will be distributed until an arrangement has been reached.

Note: We ask that everyone who has participated as an AFS Harvester for the 2018-2019 season fill out and return the Food, Social & Ceremonial Monthly Harvest Effort Reports to NBAPC. These reports help NBAPC ensure the conservation of species and the data gathered may help in future AFS Harvesting negotiations.
The Memorandum of Understanding (formerly called the Relationship Agreement) has undergone its second expert review for the Policies and Protocols project, and inquiries are in progress to locate an appropriate translation service. Using Zotero, a free, open-source reference collection management software, Mary is cataloguing the resources she’s been collecting to support negotiations once the MoU with the Federal government is in place. She is developing support documentation for future Zotero users, as well as starting to write the reports that are required for the end of the project next month.

IT’S TIME: CANADA’S STRATEGY TO PREVENT AND ADDRESS GENDER-BASED VIOLENCE

IT’S TIME TO RECOGNIZE

WHAT IS GENDER-BASED VIOLENCE?

Everyone has the right to live a life free from violence. But there are many Canadians across the country who continue to face violence every day simply because of their gender expression, gender identity or perceived gender. This is gender-based violence (GBV).

This kind of violence can take many forms: cyber, physical, sexual, psychological, emotional, and economic. Neglect and harassment are also forms of GBV. Violence can have negative effects that span generations, and this often leads to cycles of violence and abuse within families and sometimes whole communities. GBV holds us all back.

WHAT IS THE DIFFERENCE BETWEEN SEX AND GENDER?

Sex refers to the biological and physiological characteristics that define males, females and intersex persons.

Gender refers to the roles and behaviours that society associates with being female or male. Rigid gender norms can result in stereotyping and curb our expectations of both women and men. A society’s understanding of gender changes over time and varies from culture to culture.

COSTS OF GBV

• Violence can have lifelong impacts on an individual’s physical, mental, sexual and reproductive health. Impacts can include physical injury and death, disabilities – including depression and post-traumatic stress disorder – as well as sexually transmitted infections, unintended pregnancy, miscarriage, substance use, absence from school or work, job loss and social isolation.1

• More broadly, the economic costs of intimate partner violence against Canadian women are valued at $4.8 billion annually. The economic costs of sexual assault/other sexual offences against Canadian women are estimated to be $3.6 billion annually.2
