A message from Acting Chief, Amanda Le Blanc

Hello everyone!

Wow, where has this past month gone?! Although much has happened in the last month, I would like to touch base on the issue everyone is talking about right now – the fishing licenses. As mentioned in the special bulletin, although the team has been in negotiations with DFO since early Fall when we presented our proposal, we have not received any response in writing from them. We received a new agreement on April 1st to start April 1st – but this did not give the negotiating team or the board time to review and make and requests for changes. This new agreement also came with new information that we have not seen in previous agreements.

The negotiating team is meeting asap to work through this to ensure there is not much of a delay in your fishing activities, but we are doing the best we can not to be forced into something that would go against what the membership has asked us to do. If you have any questions, your Zone director is available, and as we have updates, we will be sending to all local presidents.

Again, we are sorry there has been a delay, but we are working very hard to get this rectified as soon as possible.

-Amanda

Communication

We are looking to hire 2 Students for the summer of 2019. The details are included in this monthly. The deadline is May 17, 2019.

NBAPC + Looking Out For Each Other project Launched a helpline for Missing and Murdered Indigenous Families in Need of Direction 1-833-MMI-FIND (1-833-664-3463).

NBAPC 48th AGM will take place on July 20+21 2019 at the Fredericton Inn.

This AGM we are inviting Aboriginal vendors to partake in our Vendor Display. The details are found in the flyer included in the monthly.

ASN AGM will take place on June 1, 2019 at the Rodd Miramichi Hotel.

SPECIAL BULLETIN

Fishing Licenses

In the Fall of 2018, we presented the Department of Fisheries and Oceans (DFO) with all the requests asked by the membership for the new fishing license agreement. But unfortunately, our requests weren't met nor reflected in the license that was only received on April 1, 2019. It is also worth mentioning that the license received included new requirements for fishers.

That being said, regretfully, there will be a delay in the start of the 2019-2020 fishing season under the NBAPC AFS arrangement with DFO.

The negotiating team will be meeting to review this agreement and will have an update immediately following.

We apologize for the delay; but we are working to ensure we are not forced into an agreement that does not reflect our needs and asserting our position as rights holders and ensuring those rights are not infringed upon.

If you have any questions, you can contact your Zone Director.

Woliwon/Thank you

BULLETIN SPÉCIAL

Permis de pêche

À l'automne 2018, nous avons présenté au ministère des Pêches et des Océans (MPO) toutes les demandes demandées par les membres concernant le nouvel accord de permis de pêche. Malheureusement, nos demandes n'ont pas été satisfaites ni reflétées dans le permis qui n'a été reçu que le 1^{er} avril 2019. Il convient également de mentionner que le permis reçu comprenait de nouvelles exigences pour les pêcheurs.

Cela étant dit, à regret, le début de la saison de pêche 2019-2020 sera retardé dans le cadre de l'entente AFS avec le MPO.

L'équipe de négociation se réunira pour examiner cet accord et fera le point immédiatement après.

Nous nous excusons pour le retard; mais nous travaillons pour nous assurer que nous ne sommes pas contraints de conclure un accord qui ne reflète pas nos besoins, d'affirmer notre position en tant que détenteurs de droits et de veiller à ce que ces droits ne soient pas violés.

Si vous avez des questions, vous pouvez contacter votre directeur de zone.

Woliwon/Merci

New Brunswick Aboriginal Peoples Council **NEWS UPDATE**

1-833-MMI-FIND, a New Provincial Helpline Providing Support to Indigenous Families When Loved Ones Go Missing

Fredericton, April 1, 2019 - The New Brunswick Aboriginal Peoples Council (NBAPC), in partnership with Gignoo Transition House, are proudly announcing the establishment of a provincial helpline for the families and communities of missing Aboriginal people in New Brunswick. This initiative is part of the community driven project *Looking Out For Each Other: Assisting Aboriginal families and communities when an Aboriginal woman goes missing*, led by NBAPC.

The helpline will serve as a support, information and referral service system to help families navigate the various resources that may be required when a loved one goes missing or has been missing. “The National Inquiry made all of Canada aware of the systemic racism that exists in policy and services throughout Canada,” says Interim President & Chief, Amanda LeBlanc. “We have been highlighting the discrimination for nearly 50 years and with the crisis of missing and murdered Indigenous women that is now being brought to the forefront – we noticed very early on that the East Coast was being left out of the conversation, which is where *Looking Out For Each Other* originated.”

One of the gaps identified early on was the lack of culturally appropriate resources for families when a loved one goes missing or is at risk of going missing. The helpline was created out of necessity after listening to the stories of those who participated in sharing circles. Questions like when to call the police, how and when to get legal support, if they need help dealing with media, access to cultural healing etc. could be assisted with through the helpline.

The *Looking Out For Each Other* project is driven by a team of community partners, including Gignoo Transition House. “We bring 25 years of experience in providing support to Indigenous women in this project. Indigenous women have always been leaders in our communities, and this project is a good example” says Barb Martin, President. “This was a perfect fit for us to host this helpline, to be able to further support our families and continue to build positive relationships.”

Gignoo Transition House, a 24/7 safe house for Indigenous women and their children, will be housing the helpline. The staff have been trained to provide sustainable province-wide resource support for families in need when their loved ones go missing.

New Brunswick Aboriginal Peoples Council **NEWS UPDATE**

The number for the helpline is 1-833-MMI-FIND, which stands for *Missing and Murdered Indigenous- Families in Need of Direction*. This 24/7 helpline is the first of its kind in the Maritimes and is now live.

NBAPC Membership

Greetings Members of the New Brunswick Aboriginal Peoples Council,

Having recently accepted the Membership Clerk role at the NBAPC head office, I would like to take this opportunity to introduce myself. Many of you will know me from my time running around the Little Lake Camp during AGMs as a young boy in the 90s and even as a Member and Delegate of Local 21 at the last two AGMs. If some of you still can't place me or are wondering how I relate to the organization, I am the proud son of Debbie Harquail who has been a member since the 80s. I was born in Dalhousie, New Brunswick and also spent significant time being raised and learning about life in both Bathurst and Fredericton.

Where we are an organization that is made up of families, I have always thought of us as one large family pursuing the same goal. This is what makes me particularly excited about tackling the Membership Clerk role. Where my nature and faith push me to provide understanding and guidance to those around me in areas where I have experience and knowledge, this position offers me the platform to also lend my professional skillset to my NBAPC family.

For those who don't know me, I left New Brunswick shortly after graduating from Fredericton High School in 1999. From there I spent the better part of 11 years overseas and have lived in 13 countries and 5 provinces. I moved back to New Brunswick in 2010 after I came to the realization that this is where I'm meant to be and have been putting in roots ever since. The majority of my professional career has been spent in management roles while working in the Film Industry and well as Events Management and Community Support Coordination in the private sector. These roles have helped me to develop strong communication and organizational skills which I hope will transition well to this new path that I'm pursuing as the Membership Clerk.

I am currently in the process of organizing the work flow that will be necessary to act efficiently in this role. I'm also working hard to educate myself in order to allow me to be an asset in pushing forward with the demands of the Membership Clerk. This is especially important where it's my duty to provide support and guidance to the Local Membership Clerks and in turn potential members.

Where I am new in this role, it would benefit everyone involved if I'm able to be updated on any outstanding applications for Membership, membership card replacements, information requests, and anything else that individuals have been waiting on from the Membership office. That being the case, please feel free to contact me through the typical channels. I can be reached at membership@nbapc.org, or by calling the office (506)458-8422.

I am working towards becoming functional and even fluent in French in a professional capacity for this role. So, feel free to help me practice and grow towards being able to offer this essential service to our Membership. Although it may take some time and patience for me to get there, I'm sure there will be plenty of humorous moments at my expense that will make the process a little easier to endure.

I want to thank you all for this opportunity and I look forward to building relationships with you.

Sincerely,
Brendan Moore

Natural Resources

Campbell Creek Dam Update

NBAPC Natural Resource Program has recently established a partnership with the Nashwaak Watershed Association Inc., Atlantic Salmon Federation, Maliseet Nation Conservation Council, and Saint Mary's First Nation. All project team members will work together to remove the Campbell Creek Dam, located in Marysville, NB. The project team has met several times to establish a tentative project timeline. NBAPC is very excited to be a part of this project as the removal of the Campbell Creek Dam will help restore traditional spawning ground for the Atlantic Salmon and American Eel.

"Serving the Employment Needs of the Off-Reserve Aboriginal Community"

New Program & Fall Funding Information

The ASETS (Aboriginal Skills & Employment Training Strategy) program ended on March 31st, 2019. It was replaced by a new program called **ISETP-Indigenous Skills & Employment Training Program**. This program focuses on both clients and employers to ensure clients engage in training programs that will directly lead to employment opportunities. The ISETP has very specific targets and parameters based on current labour market information in New Brunswick. The ISETP also has a strong partnership focus so clients are encouraged to explore other funding sources (i.e.: EI, TSD, Social Assistance, First Nations assistance, other Aboriginal funding programs, Student Aid, school grants, employers, etc...) that can partner with the NBAPC-ISETP.

The ISETP department will begin taking applications for fall training programs starting in **June**. Before applying for ISETP funding please gather all documentation you need in order to apply and update your resume (see list below).

THOSE ELIGIBLE TO APPLY FOR ISETP FUNDING

- Off-reserve Indigenous Peoples who are permanent residents of New Brunswick
- Students enrolled in post-secondary training courses that are 2 years or less in duration (a client enrolled in a multi-year course must re-apply for funding each year) or students enrolled in their last and final year of university studies
- Full time studies
- Courses where training takes place at a school or training site
- Training plans that coincide with current and future NB job market information based on the region the client is willing to work in
- Those who are unemployed, underemployed or **do not** possess employable skills

WHAT IS REQUIRED IN ORDER TO APPLY

- An acceptance letter from the training institution
- A schedule of **ALL** fees for the course from the school
- Documentation from the school stating the start date and end date of the training
- Address, phone number and fax number of the training institution or business
- Contact person at the training institution or business
- A current resume
- If the client is currently drawing EI benefits their caseworker's name and contact information is required, as well as, the dates of their EI claim
- If the client is currently a Social Assistance recipient their case worker's name and contact information is required
- Details and contact information of any other funding partners that the client has already secured funding from

IMPORTANT ISSUES REGARDING FUNDING

- All ISETP funding that a client receives directly or is paid on their behalf is taxable and the client will receive a T-4A during tax season that must be declared as income.
- Please be aware that we are required to follow a strict Confidentiality Policy, Conflict of Interest Policy, as well as, the Privacy Act. Therefore, any person who wishes to apply for funding **MUST CONTACT OUR OFFICE DIRECTLY** in order to apply for funding with an employment counsellor. Parents, family members, teachers, friends, etc... cannot apply for funding on behalf of others. The client who wishes to receive the funding must call an employment counsellor themselves in order to apply for assistance.
- The Confidentiality Policy and Privacy Act does not allow any ISETP staff member to discuss the funding details of any client with any other individual, no matter what relationship exists between the client and the

individual inquiring. Client information is only shared with the funding agencies involved in the intervention, the training institution and the clients themselves.

- Due to the Conflict of Interest Policy NBAPC Executive, Board of Directors and/or staff members are NOT eligible for funding through the ISETP department.

We also offer an access room with a computer, printer, popular software, internet access, fax services, books, reference materials, career and educational resources.

If you would like more information on ISETP services please contact our department. Please choose the appropriate employment counsellor depending on your current area of residence.

PROGRAMS

ADVENTURES IN BABYSITTING (Moncton)

Babysitting can be a real adventure and it takes a lot of skill and hard work! In this Red Cross certified babysitter program, students learn everything they need to know to be successful babysitters in a hands-on environment. Instructors cover basic first-aid, safety and security, fun activity planning, child development and effective child management. Aspiring babysitters also get tips on the business of babysitting: write a resume, create a business card and learn to network to find jobs. Fee includes Red Cross Babysitter certificate.

ANIMATION (Miramichi)

Do you love drawing? Are you intrigued by animation? Draw animated cartoons and be surrounded by some real "characters"!

CARPENTER'S WORKSHOP (Co-ed)

(Miramichi, Moncton, Saint John, St. Andrews, Woodstock)

Back by popular demand! Build and take home your own special woodworking projects from our carpentry workshop. Get all of your Christmas gifts created in one week! Whether you are interested in the trade or like building fun D-I-Y projects, this camp will have you constructing projects that will make your friends jealous! Please wear close-toed shoes and no loose clothing.

COLLEGE CAFÉ (Moncton)

Want to run our own business? Sign up for our College Café restaurant camp and discover your inner entrepreneur. Students develop and run their own small café, from creating a name and menu to cooking and serving signature dishes. Family and friends can make a reservation and be an honored guest.

DISHES AROUND THE WORLD CULINARY CAMP

(Moncton, Saint John, St. Andrews)

Leave your passport at home and explore delicious recipes from cultures from around the world! Europe, Asia, North America, Africa, Latin America and the Caribbean! Take a trip with us!

DIY GIRLS (Moncton, Saint John)

Who needs an expert, when you can do it yourself? Get hands-on and design and build things from the ground up! A week at this camp and you'll have a Pinterest board that will make your mom envious! *Girls only.

ENTREPRENEURSHIP (Saint John)

Learn how to make money in just a quick week. This camp will teach you how to develop an idea into a money making venture. You will learn how to do a basic business plan, pitch your idea to get approved for a loan, purchase your supplies for your product then on the final day, sell your product at Market Square in Uptown Saint John.

GAME ON!! (Fredericton, Miramichi, Moncton)

Create your own virtual world and adventures. In the morning, have fun building cities, exploring new worlds, completing quests and mastering levels. In the afternoon, unplug and get your game on WITHOUT a computer! You'll improve your game strategy and problem solving skills while having a blast with kids your own age. You'll play classic and modern games and then work as a team to create your own game concept. Game On!

KEEP CALM AND BAKE ON!! (Moncton, Saint John, St. Andrews)

Treat your sweet tooth! Budding chefs show your creative side and try your hands at whipping, crimping and glazing custom delights. Each day take home yummy baked goods to share with family and friends.

KIDS WITH CAMERAS (Fredericton, Moncton, Woodstock)

Take more than just selfies! Unleash your inner photographer and digital media maker. After your daily photo shoot, you'll build skills in capturing, editing and producing images and videos to share with your family and friends! Students are required to bring their own digital camera equipment.

KITCHEN COMBAT TRAINING (Moncton, Saint John, St. Andrews, Woodstock)

Drop and give me 20...eggs! Learn basic culinary skills and meet fellow taste buds, in our professional kitchen while preparing delicious meals and snacks that will impress your family and friends. Only the strongest and tastiest will survive!

MYTH BUSTERS STEM CAMP (Fredericton, Miramichi, Moncton)

Who said science can't be fun? Spend your days in the engineering and technology labs busting myths! Team-up and be given challenges and problems and see if you are on the team that can get to the bottom of these mysteries!

YOUNG ENGINEERS: LEGO® ROBOTICS (Miramichi, Moncton)

Enjoy working with LEGO®? Sign up for Young Engineers camp and discover engineering and science skills through robotics. Spend the week planning, designing and building robots and structures. Then test your creations in friendly (or not) team competitions to challenge your skills.
